A Note From Your Director....

Happy recital day!! It is with great joy that I present our annual spring recital, Decades In Motion.

One of the best parts of being a director is creating performance opportunities for my dancers. To have a hand in creating these special childhood memories that they will hold onto forever.

One of my favorite parts of the year was when we visited a local retirement community with a handful of students. We brought joy, dance and life into so many hearts that day. The elderly were completely inspired. Our dancers left feeling blessed. It was a beautiful day.

This year was also the first competition season for a handful of dancers. It was amazing watching these dancers rise to the occasion at every competition. To overcome their fears and to perform their heart out in front of thousands. The team comradery was heartening and inspiring as the team cheered each other on. I am one proud director!!

Good luck to all my BDA Stars today!! Shine bright and do your best!! Most important have fun!!

Sincerely, Jasmine Tubach
