### **ABOUT MOANA**

Moana is a celebration of the rich stories of Oceania and is based on the beliefs and cultures of real people. In creating the original film, the producers at Disney Animation formed an Oceanic Trust. This group of anthropologists, cultural practitioners, historians, linguists, and choreographers from islands including Samoa, Tahiti, Mo’orea, and Fiji was integral in the creation of the film, providing feedback and notes on character design, song lyrics, and the depiction of culture onscreen. This respect and careful attention to detail was carried forward in the creation of Moana JR. for the stage. Each production of the show is supplied with a Director’s Guide, a Pronunciation Guide, and Choreography Video demonstrations, providing information, research, and best practices for respectfully celebrating Oceanic culture.

Disney’s Moana JR. is presented through special arrangement with and all authorized materials are supplied by Music Theatre International, New York, NY
