SHOW SYNOPSIS

Max and Katie are lost at a spooky campsite in the middle of the woods. Fortunately, Counselor Ned, a cheerful but rather strange camp counselor, is there to help them out until the other campers and counselors find them. To pass the time, Counselor Ned suggests they all take turns telling scary stories, a “camp tradition as old as time.” As they take turns telling their tales, the stories come to life onstage! The story of “Taily-Po,” an American folklore classic, reveals an old man living in the woods with his sarcastic dog... “The Backseat Driver” gives a new twist on a popular urban legend... and “A Girl and Her Dolly” becomes a cautionary tale about a possessive, creepy doll. After each story, Max and Katie wonder when the other counselors will show up and lead them back to the cabins, while Counselor Ned becomes more and more mysterious. What could he be hiding? Are Max and Katie in the middle of their very own ghost story?

This is the fifth year of our program, and our fifth One-Act to perform at the Florida Junior District Eight Festival. *Are We Scared Yet* is a student-led production where students lead all aspects of the show, from directing, set design, tech, props, costuming, makeup, theatre marketing, community events, and front of house. Archer Anderson, Dashler Foltz, and Noelle Klinker co-directed *Are We Scared Yet* from start to finish. They were in charge of play selection to staging this spooky production of *Are We Scared Yet*.

DIRECTOR'S PAGE

Dear Hamlin Family,

We are so proud to present our Fall Play, Are We Scared Yet, and our Troupe 10639 Thespian Events. Our production has been double-cast with over 60 students, from cast to crew. One cast will further perform our show at the annual Florida Jr. Thespians District 8 Festival. This production requires us to use specific unit set pieces, set dressing instead of set design, costuming, and technical elements of lights and sound. Students have been immersed in how to take a spooky story and create it in real life.

From our 6th graders to our 8th graders, this production includes students of all levels. To my 8th grade students and parents, thank you for your participation in Districts these past three years. The growth, leadership, commitment, and community of your families has been an immense honor to have in our theatre program. I'm so proud and so grateful for all of your hard work. To the other cast, crew, and families, thank you for your commitment, hard work, and support of this production.

I would especially like to thank all of the student leaders, parents, volunteers, admin, and staff who helped behind the scenes of this show. We could not have done this without you.

With warm regards,
Lisa Barrows
