A Note from Mr. Stewart

MAGIC! It is a term we use for so many things, from feelings and experiences, to outcomes and events. Most recently, it was used to describe the sum of everything and everyone that has been MILLER SOUTH for the past 30 years. Although it is only my 8th year here, I can say with absolute certainty that Miller South is, indeed, a truly MAGICAL place. So many people have been working behind the scenes to make this night possible that I am unable to find the words to express my gratitude properly, so I will just say a big THANK YOU! Special thanks to my wife and son for putting up with my crazy schedule! Thank you to:

Tonight's concert, *30 YEARS OF MAGIC*, was inspired by one simple word: MAGIC. It's a word that has many uses and meanings in our language. Tonight, we will explore this word through a wide variety of musical styles and genres, and we hope that you will leave tonight's concert with a greater sense of the real magic that exists all around us and within us. No, we don't have magic wands or pixy dust, but the power to see the world differently, experience all it has to offer, and to make it a better place is in each of our hands. Isn't that AMAZING?
