# WELCOME TO THE TCHS PERFORMING ARTS CENTER

## Home of Thespian Troupe 6303!

We are celebrating our 22<sup>nd</sup> year of theatre excellence and we are so glad you could join us tonight. Our students work tirelessly to create each stage production and they put their hearts into every detail that you see on stage. Producing a theatrical show takes extraordinary dedication, patience, and teamwork. When you experience one of our theatre productions as an audience member, you are seeing the final result of months of rehearsal, creativity, and learning. Today's cast and crew members are the professional performers, technicians, choreographers, creative problem solvers, and arts advocates of tomorrow!

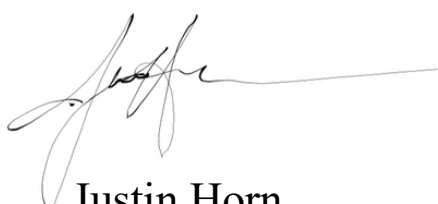

The process that occurs before the curtain rises on opening night is what makes teaching theatre so rewarding for us. Whether a student is involved in theatre classes for one year or all four, it is a privilege to watch them grow, embrace their creativity, and learn more about themselves through the arts.

Our program would not be complete without the generous support of our theatre families, parent volunteers, school administration, and community partners who believe in the importance of arts and education and celebrate the positive influence live theatre can have in our lives. This collaboration enables our program to thrive and continue providing the best possible experience for our students.

We believe that every story told on stage is a journey of the human spirit, whether comedy, tragedy, or a beautiful blend of both. Our cast, crew, musicians, designers, ushers, and concession and ticket office volunteers all have an important role to play in its success. But the most important role of all is played by YOU – our audience.

Thank you for choosing to support our students and the theatre program – the show couldn't go on without you!

Sincerely,
