

Timber Creek High School
Dance Program Presents

Dynamics of Dance

Thursday, April 23rd, 2026
7:00 p.m.

Timber Creek High School
Performing Arts Center

Director's Message

Bonjour! I'm so thrilled to present our thirteenth annual spring showcase, *Dynamics of Dance*. This showcase is more than just a performance; this year it's a dedication to the French language (which is the language of many of our dance terms), a celebration of a Timber Creek milestone (it has been 25 years since our school first opened its doors to students) and an appreciation for our supporters (without you, our friends and families, our program would not thrive).

I am endlessly proud of every dance student, and it is my honor to teach such kind, creative and dedicated young adults. As the dance program director for the past fourteen years, I have been privileged enough to witness my students' dance education journeys. Whether a dancer joins our program to explore the art for the first time or they have been studying dance for numerous years, they inspire me every day and definitely keep me on my toes!

The dancers, Miss Clear, and I hope you enjoy the show as much as we have enjoyed creating it. Get ready for a performance that will make you fall (even more) in love with dance!

Merci,

Tara Perry

TCHS Dance Program Director
