# OUR VENUE

The Woman's Club of St. Cloud Auditorium, which was constructed in 1949, served as the clubhouse for the Woman's Club of St. Cloud. The building was dedicated on February 25, 1949. It contained a large auditorium, a stage, a kitchen, storage rooms, and dressing rooms. The auditorium hosted musical concerts, lectures for the community; luncheons, art shows, and classes.

From 1952 to 1960, the auditorium hosted a series of international programs designed to raise money to help support people and communities in other countries. The City of St. Cloud purchased the building in 2001 and began renovations to establish the St. Cloud Heritage Museum operated by the Woman's Club of St. Cloud. It opened on Feb. 17, 2005 and houses records and artifacts of St. Cloud's history.

# THE PLAY

Story Theatre is a full-length comedy by Paul Sills. Second City founding director and improvisation legend Paul Sills created this widely acclaimed and groundbreaking play from ten familiar tales of Aesop and the Brothers Grimm.

Story Theatre is a theatrical presentation of 10 different medieval legends and fairy tales collected by the Brothers Grimm. The sky falls... beasts sing... a mother's corpse is exhumed... a young maiden is poisoned... a master thief plies his trade... the goddess of love works her magic... a simpleton marries a princess... and a woman becomes Pope! All this and more happens in Story Theatre. Using improvisational theatre techniques, Paul Sills adapted some of the favourite stories from Aesop and the Brothers Grimm. Here you will meet again Henny Penny, The Golden Goose, Venus and the Cat, The Fisherman and His Wife, The Robber Baron, The Bremen Town Musicians, and other favorites.
