I want to give a special thanks to everyone who made this production possible. The amazing chorus parents have given so much time to make this show possible. Ms. D and Extended Day shared the cafeteria so we could rehearse on stage. Mr. Scott and Mrs. Davis, thank you for trusting me to lead our music program. Mrs. Reyes, thank you for always making sure I have what I need to put on an amazing show! We hope you have Oceans of Fun and Enjoy an outstanding performance. Thank you for supporting the arts and your child's music education.

PROGRAM CONCEPT

This year I challenged myself to put on my first ever grade level performance. I do an ocean unit every year with second grade and it is always a hit. With this program, you will see students showcase a variety of skills and concepts based on the second grade music standards in the format of an informance. This means you will get a glimpse into what it is like in the music room each and every day.

Each song was carefully chosen to highlight the development of the second grade students throughout the course of this school year.

You will see them demonstrate creative movement, play the Orff instruments, sing, and play games. What started with steady beat chord borduns has quickly turned into melodic improvisation with harmonic accompaniment. I am so proud of them for accepting this challenge and creating something truly magical. We hope you enjoy the performance!
