THANK YOU

I want to extend a heartfelt thank you to everyone who made this performance possible. I had a huge vision, and it wouldn't have been possible without every person who gave their time, energy, and commitment to bring it to life.

To Dr. Walker and Mrs. Davis- thank you for your leadership, encouragement, and constant support. I am so blessed to work for an administration who lets me push my creativity to the limits.

To Mrs. Reyes and Ms. D- thank you for always making sure I have what I need to make these performances a success. You are truly the best!

To the families- thank you for allowing your child to be a member of the Wolf Pup Performers. I hope they have created memories that will last a lifetime. Your support means more than you know.

To my interns- thank you for being my right hand during this process. I hope you have learned as much from me as I have learned from you. The future of music education is bright with the two of you heading to the classroom. GKCO!

Lastly- to my special people, you are the best team ever. I love how each of us works together to provide amazing and meaningful experiences to our students. Proud to be a Wolf Pup!
